MR - C Line

IT

MR- C 50 è una piccola macchina da perforazione cingolata con centrale idraulica separabile, ottimizzata per tutti i lavori di ingegneria civile, carotaggi, micropali, ancoraggi e consolidamenti. Adatta al lavoro in spazi stretti e di difficile accesso, è dotata di una centrale idraulica particolarmente potente in grado di erogare 115 HP per azionare ogni tipo di perforatrice idraulica o martello fondo foro ed eseguire ogni tipo di perforazione.

ENG

MR- C 50 is a small mobile drilling unit on tracks with separate hydraulic power pack, optimized for all the works of civil engineering, core drilling, micro piles, anchors and consolidations. Suitable to work in narrow spaces and difficult to access, it is equipped with a particularly powerful hydraulic station able to provide 115 HP, to operate any kind of hydraulic rock-drill or down-the-hole hammer and perform any type of drilling job.

DE

MR- C 50 ist eine sehr kompakte Bohrraube für Einsätze im Spezialtiefbau. Arbeiten wie Kernloch-, Überlagerungs-, Anker- und Mikropfahlbohrungen bis Durchmesser 300mm sind in engsten Platzverhältnissen möglich. Die enorme Flexibilität und Beweglichkeit ermöglicht hierbei nahezu jede erdenkliche Bohrposition. Das separat abkoppelbare Kraftpaket wird durch einen modernen, emissionsarmen Deutz Diesel mit 85 kW angetrieben.

FR

MR- C 50 est une petite unité de forage mobile sur les pistes avec bloc d'alimentation hydraulique séparé, optimisé pour tous les travaux de génie civil, carottage, micropieux, ancrages et consolidations. Convient pour travailler dans des espaces étroits et difficiles d'accès, il est équipé d'une station hydraulique particulièrement puissante capable de fournir 115 HP, pour faire fonctionner tout type de roche-foreuse hydraulique ou marteau fond de trou et d'effectuer tout type de travail de forage.
